

# PARISH CALENDAR 2018

This year our Parish Calendar will feature winning pictures in our ***'Celebrating Community' Calendar Competition*** as part of our Community Fair on Saturday 30 September. Students from participating local primary schools will enter a drawing, painting, photograph or any other kind of picture they have created themselves. The theme is something about our local community the students enjoy participating in. Something that makes the local community a special place for them. Winning entries receive prizes and of course are featured in our calendar. Winners will be announced and prizes awarded at the Community Fair.

We anticipate the calendar will be ready for distribution early-mid October so please order your 2018 calendar from the parish and support this terrific community venture. The calendars are designed in the parish and outsourced for printing by a professional company. The cost will again be \$10 each, which includes an envelope. The calendar is a great way of promoting our parish and makes an awesome Christmas gift for a relative or friend, or anyone, within Australia and overseas.

You will need to pre-order your calendars to give us an idea how many to get printed so please see *Margaret O'Mahony* and order your calendars now.

# ENERGISE

## MISSION CONFERENCE

### JESUS IN THE REAL WORLD!

Come join us as we welcome
