

## **MUNDARING CHURCH SERVICE TIMES**

### **22 NOVEMBER – 3 JANUARY**

Some people may have seen newspaper reports that COVID-19 restrictions are to be eased for places of worship. Premier Mark McGowan is quoted as saying the Government is considering taking places of worship to 60% capacity. This follows an easing of distancing restrictions for theatres and other places of entertainment for fixed seating and ticketed performances and events. While the Government was reported as currently preparing rules around such an exemption for places of worship, to date this has not been released.

The Certificate of Approval for Epiphany Church under the Health Act allows a maximum capacity of 85 (pre-COVID restrictions). Sixty percent of this number is 51, which is still not sufficient to hold one service with our average full attendance being around 60-65 congregants.

With services in Mundaring being at different times and different locations it can be confusing, so listed over the page are service times and venues from now up to and including our Epiphany Festival on 3 January.

COVID-19 and responses to it by Governments are frequently changing but it is clear that even with a relaxing of restrictions to 60% capacity, for the time being Epiphany Church will continue to offer two service times for our normal Communion services.

As previously reported, our special Advent, Christmas and New Year Communion services will be held as one service at the Op Shop.

If there are any changes to the service times and venues listed over the page arising from new Government or Diocesan compliance requirements these will be reported in the Pew Sheet and on the Website.

If you have any queries or concerns about current arrangements please contact Revd Oliver or a Warden – Ann, Sylvia or Noelene.

<b>DATE</b>	<b>LOCATION</b>	<b>SERVICE TIMES</b>
SUNDAY 22 NOVEMBER	CHURCH	8.00AM
		10.00AM
