Kids @ church

ANGLICAN
PARISH OF
MUNDARING

Our **KIDS@CHURCH** 'messy church' is held on the *3rd Saturday of each month at 5.00pm in the Church of the Epiphany Mann Street Mundaring.

Our **KIDS@CHURCH** team welcomes children when they arrive and gives them a lanyard with their name and a song sheet.

KIDS@CHURCH is fun for all the family with stories, crafts and songs.

After **KIDS@CHURCH** a delicious supper is provided in the Parish Centre next door to the Church.

After supper, games are organised. In the winter games are held inside the Parish Centre and in summer they are held in the Parish Centre garden.

Everyone is welcome to our **KIDS@CHURCH** and family, friends and parishioners of all ages attend.

*[*There is a winter recess in July and summer recess in January.]*

Each month there is a different theme around which the story, music and activity are based.

An interactive calendar is designed for children to take home showing **KIDS@CHURCH** dates and themes for the year.

At Easter (March or April)

KIDS@CHURCH is a joyful family Eucharist service held at 9.30am on Easter Day.

Before the service all are welcome to a BBQ breakfast in the Parish Centre, together with those people who attend the earlier Easter Dawn Service.

In December **KIDS@CHURCH** is a Children's Christmas Eve Celebration. It starts at 5.00pm and the story, craft and music all have a Christmas theme.

Our **KidsInChurch** area at the front of the church has books, toys and colouring books for kids to use during Sunday worship. It is always open.

We especially try to include children during our 9.30am service. We all hear a story from a Children's Bible and the kids do a paper based activity about the story.

Children are free to use the kids area, sit in the pews with the congregation or move between them.

We like to see and hear children in our Church whether this is at Sunday worship or **KIDS@CHURCH**.

Our 9.30am Sunday services are followed by morning tea in the Parish Centre where children can meet and play together.
